3 DISCLOSURE OF THE RESTRICTIVE COVENANT CLAUSE IN THE INTERNATIONAL FRANCHISE AGREEMENTS ("IFA") GOVERNING KFC FRANCHISE

KFCH group operates KFC restaurants in Malaysia, Singapore and Brunei under the International Franchise Agreements entered into with the Franchisor. The right to develop KFC restaurants in Malaysia, Singapore and Brunei is granted to KFCH by the Franchisor under the Development Agreements entered into with the Franchisor.

Any occurrence of events of default under the International Franchise Agreements may lead to the termination of the KFC franchise by the Franchisor. The International Franchise Agreements and/or Development Agreements are also subject to renewal.

The International Franchise Agreements also contain a covenant which requires the consent of the Franchisor for any direct or indirect acquisition by any third party competitor of QSR and/or KFCH or any third party holding twenty percent (20%) or more of QSR and/or KFCH, failing which the Franchisor may terminate the International Franchise Agreements and/or adopt any of the remedies specified in the International Franchise Agreements. As KFCH is listed on Bursa Securities and the respective shares are freely traded, any person, whether individually or together with persons acting in concert, could possibly acquire more than twenty percent (20%) of the voting shares of KFCH without obtaining the consent of the Franchisor. As such, if the Franchisor does not consent to any such acquisition, the Franchisor may terminate the International Franchise Agreements or choose not to renew the International Franchise Agreements upon the expiry.
